The consolidation of the Brook Road and Village schools seems to be working out very satisfactorily. The transportation is good, there is a reduction in expense, and the pupils enjoy some things not always possible in a small school. It is a great advantage to have a school equipped with a piano, radio, rhythmic band instruments, and a place available for basketball. There is a stimulus to pupils in being in classes large enough to furnish some competition.

It is a fine thing that an experiment in serving hot lunches is being made. I feel sure, if it is found possible to continue this project, it will prove a benefit to the children.

The building is in excellent condition and in need of only the usual small repairs for the coming year. It would be a very great improvement if running water could be brought in, so a sink with a drinking fountain and hand washing facilities might be installed.

Respectfully submitted,

EDWARD A. JANES, Superintendent.
